## **PRESS RELEASE**

### **Address by the Chair of H.F.R.I.'s Scientific Council at the annual meeting of the Dariah-EU European Infrastructure**

The Chair of H.F.R.I.'s Scientific Council, Professor Xeni Chrysochoou, welcomed the opening of the annual meeting of the European Digital Research Infrastructure for Humanities and Arts, Dariah-EU, that was organised at the Eugenides Foundation, with the support of the "Athena" Research Centre.

This year's hybrid Conference took place from Tuesday, May 31, 2022, to Friday, June 3, 2022, and focused on the power of the "Narrative" in the Arts and Humanities, hoping to create conceptual bridges between arts, technology, the humanities and beyond.

The event took place in the framework of the Emblematic Action of H.F.R.I. on "The emerging landscape of digital work in Humanities in the context of the European infrastructures DARIAH and CLARIN".

#### **About H.F.R.I.**

The Hellenic Foundation for Research & Innovation was founded (Law 4429/2016) out of the vital need to support Greek Scientists. It is a legal person governed by private law, monitored by the Ministry of Development and Investments. H.F.R.I. aims to promote research and innovation in the country. In particular it aims to evaluate and finance unrestricted research, namely research activities, research infrastructure and their technological applications, arising from scientific

curiosity, without any thematic exclusions or geographical limitations, having scientific quality and excellence as a unique criterion.
