### Press Release

#### **New H.F.R.I. Call for the “Basic Research Financing” (Horizontal Support for all Sciences) within the framework of the National Recovery and Resilience Plan “Greece 2.0”.**

It is our great pleasure to announce the issue of the Call titled **“Basic Research Financing” (Horizontal Support for all Sciences)**, whose Implementation Institution is the Hellenic Foundation for Research and Innovation (H.F.R.I.). Interested potential beneficiaries are invited to submit their proposals from **Thursday, September 1, 2022, 12:00** (Greece time) until **Wednesday, October 12, 2022, 17:00** (Greece time).

The main objective of the call, which is included in the projects of component 4.5 “Promote Research and Innovation”, is to fund original research projects of high scientific quality and excellence, contributing to the achievement of the general goals set by the National Recovery and Resilience Plan “Greece 2.0”. The first Sub-Action aims to fund **newly appointed Faculty Members or Faculty Members that are currently undergoing an appointment procedure for a non-permanent position (on a term basis), as well as Researchers and Staff Research Scientists in an Academic or Research Organization of Greece**. The second Sub-Action makes it possible

for **Faculty Members and Researchers to implement basic research projects, with an emphasis on interdisciplinarity, in leading-edge sectors.**

The total budget of the Action exceeds 58 million euros and the duration of the proposed research projects may range from 18 to 24 months. Detailed information regarding the Action can be found on H.F.R.I.'s website ([www.elidek.gr/](http://www.elidek.gr/))

**The Action is implemented within the framework of the National Recovery and Resilience Plan “Greece 2.0”, funded by the European Union - Next Generation EU.**

#### **About the H.F.R.I.**

The Hellenic Foundation for Research and Innovation was established (Law 4429/2016) out of the vital need to support Greek scientists. It is a legal person governed by private law, monitored by the Ministry of Development and Investments. The H.F.R.I. aims to promote research and innovation in the country. In particular, it aims to evaluate and finance unrestricted research, namely research activities, research infrastructure and their technological applications, arising from scientific curiosity, without any thematic exclusions or geographical limitations, having scientific quality and excellence as a unique criterion.
