About H.F.R.I.

The Hellenic Foundation for Research and Innovation was created (Law 4429/2016) out of the vital need to support Greek male and female Scientists. It is a legal person governed by private law, monitored by the Ministry of Development and Investments. H.F.R.I. aims to promote research and innovation in the country. In particular, it aims to evaluate and fund unrestricted research, namely research activities, research infrastructure and their technological applications, arising from scientific curiosity, without any thematic exclusions or geographical limitations, having scientific quality and excellence as a sole criterion.
